COMING HOME

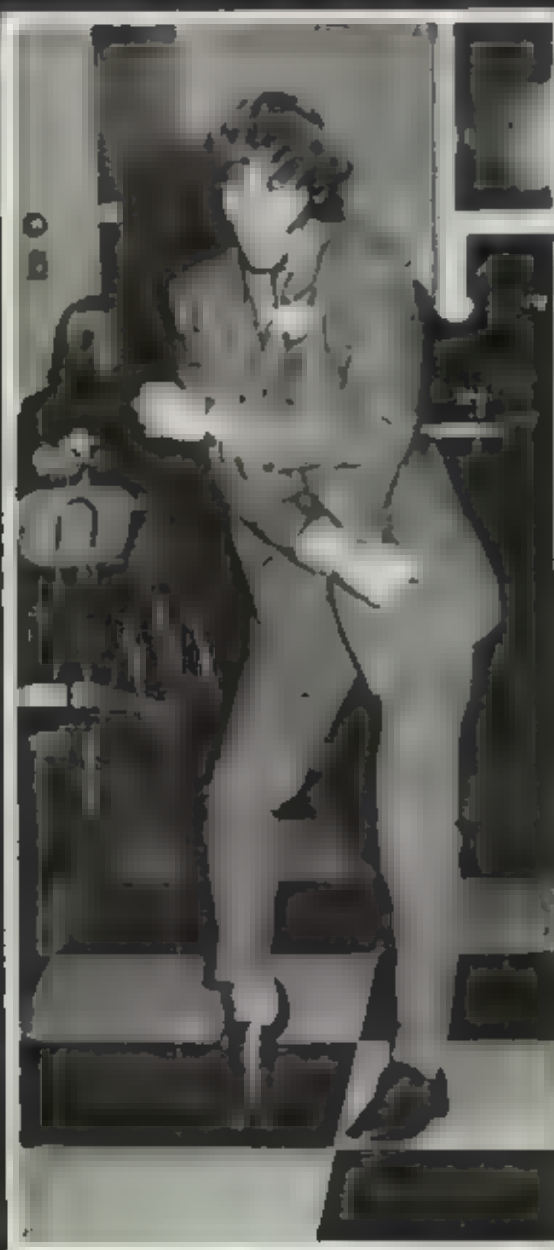

DANCES: STUDENTS ON THE MOVE

dances — a cause for movement
different steps
swaying arms — flying legs
new dances — some made up
let's start a circle
spilled coke — strained
voices — blistered feet
cafeteria was always hot
swirling bodies — gliding, swaying
at times — non-stop music
almost.

attendance great
finally got some good bands
new rules — pantsuits — henn
ties only needed at the semi-formal
and homecoming — school dress
parents needed to chaperone — who?
some were shocked — with music and
the lively dances — others joined in
and enjoyed themselves — decorations
plentiful and colorful
don't forget to buy your tickets

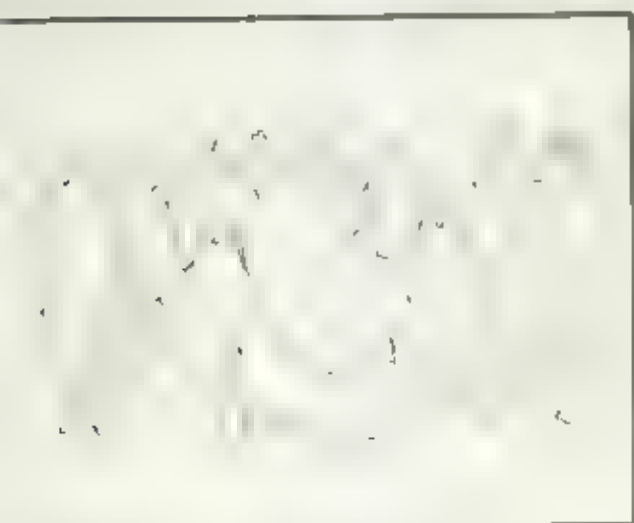

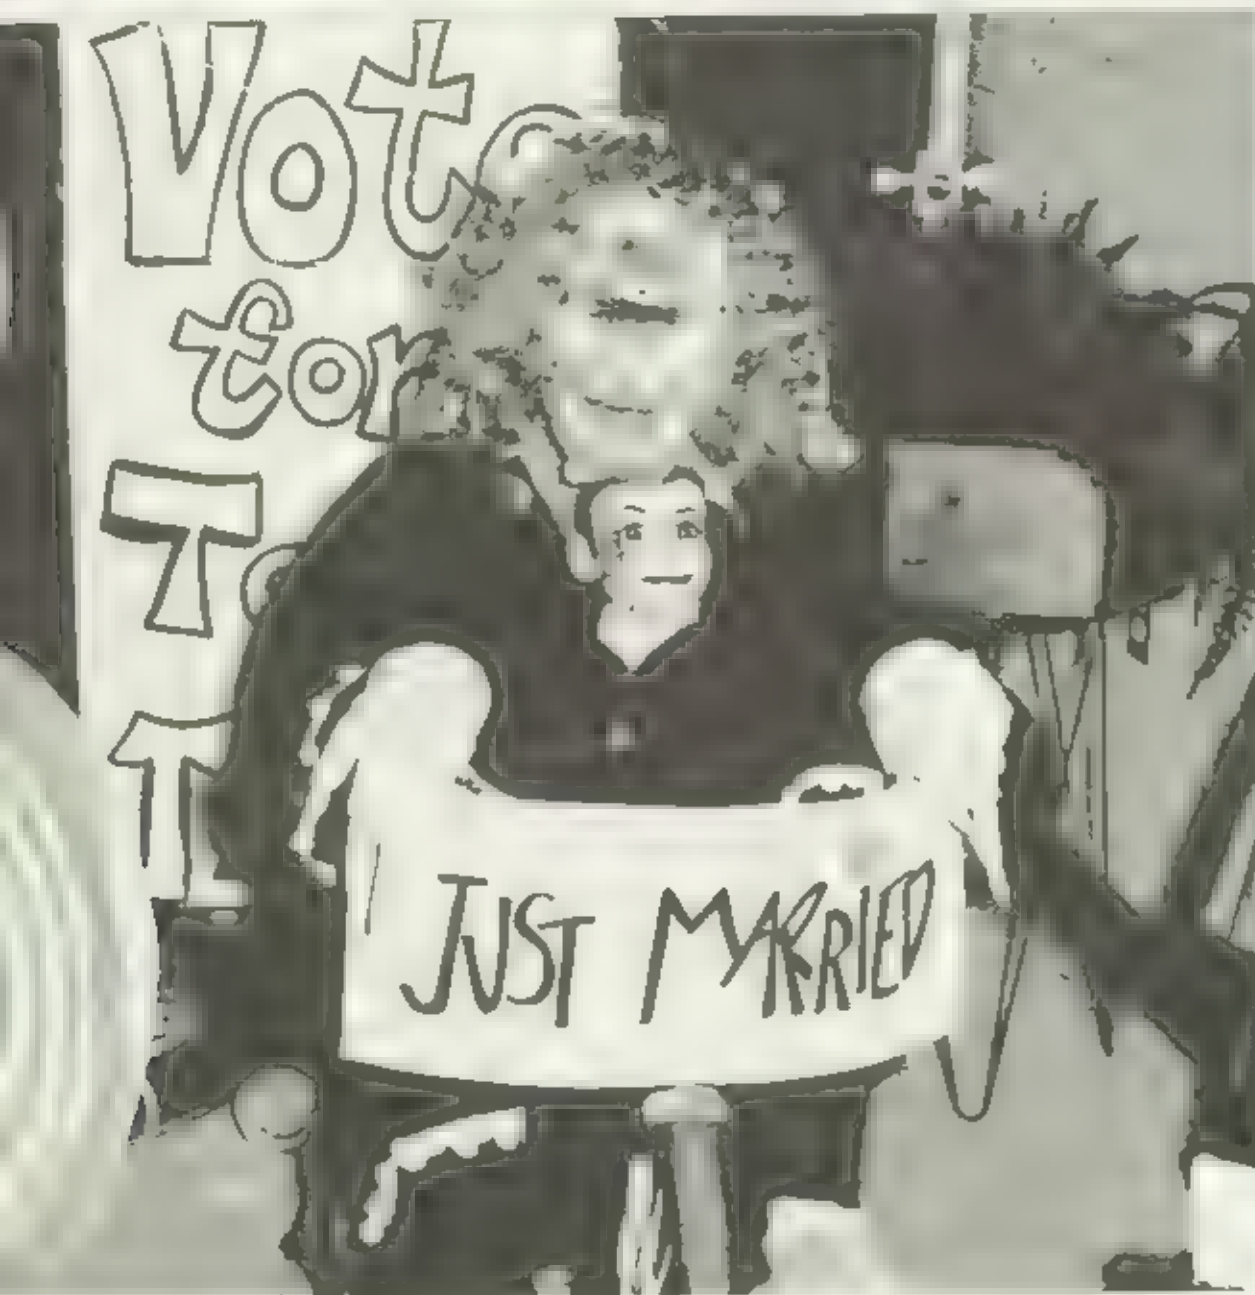

hey market riot
first dance the best
a togetherness feeling was in the
air it was real beautiful
students tired yet kept dancing
exhaustion heat
whalefeathers songs from their
album sounded good
east orange express
most colorful of all groups
they got it together well.

big orange
revised old group just
as good
very little room to dance
bumping elbows kicked shins
calves handclapping
feet stomping soul
hard stuff, too
lights on at twelve
cramped bodies make
their way home.

ACADEMICS

“COLERAIN
STUDENTS
ARE THE
BEST . . .”

my interest is in the students . . . because
of the levy's failure, cutbacks will be made
student interest is a major difficulty
extra curricular activities are just as
important as academic curricular . . . we
need this to develop individuals . . . cole-
rain has no really bad students, if each is
given the chance to excel in his ability
we won't look down on a student . . . expe-

rience is all we have to offer . . . for a large
high school, i'd say we rank the best
our new vocational school is the best
around . . . we're up there in business
industrial arts and academics — no matter
what area, colerain is at least above aver-
age . . . mr. carl banks, principal . . . we'll
have to work it out . . . next year will be an
extremely serious time — for all of us

ASSISTANT PRINCIPALS FACILITATE OPERATIONS

assistant principal in charge of activities is mr. charles kern . . . education is more than textbooks . . . it is a love for the subject, which a student gives through understanding . . . it allows a student to learn how to deal with other people, thus developing an understanding between students and teachers . . . students must have a part in developing curriculum and particular subjects . . . an educational program should be controlled around improving self-concept . . . communications is a

problem as a school gets larger . . . trying to reach all the students in the school seems a very hard task, but student council achieves this successfully . . . and my working with student council helps me understand the students' views . . . we need more opportunities for students to form small groups and talk about the problems present . . . we've made changes in school, because we felt the students were right

mr. epplen speaking . . . yes, sir without a doctor's excuse your son will be marked absent . . . yes, indeedy . . . the failure of the levy has left things in kind of a hassel . . . detention is called off for today . . . i'm not feeling well, mr. epplen . . . may i go home . . . well, we shall call your mother and see if she can come and get you . . . that will be five days detention . . . tell me why you were fist fighting in the hall . . . no, girls are not allowed to wear jeans

mr. epplen, our women's club would like to use the stage . . . i need one more teacher to sell football tickets would one of you please take bus duty this evening . . . yes, i'll see if we have the money to order more math books sir, the boiler is not working . . . would dale ross please come to the office mr. epplen, are the summer school assignments ready . . . a conference will be arranged with your parents, you and your teacher . . . do not forget to lock the building

ing process . . . see and learn type of

to get management experience

iod of academic requirements for grad-
uation . . . school district has first

CLASSES

SENIORS

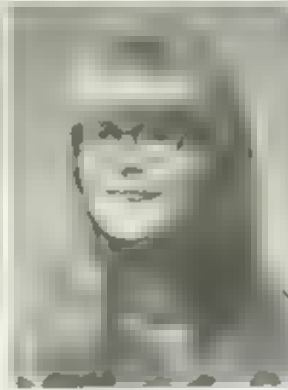

= SENIOR SUPER POWER

well i finally made it i'm on the top of the world ... well, at least at the top of my class we are fabulous and we are fun ... we're the class of '71 ... only yesterday we built our fortunes, reputations, and honors ... tomorrow our challenge is peace and a better world for living ... but today, a precious interlude between security and responsibility, we must learn how to share in our joys, sorrows and experience life

AFTERWORD: MOVING TO THE END

The 1971 cardinal comes to a finish
after a year of movement, a year
of bizarre changes in behavior and
fashions, students moving with the
times, keeping in pace, losing them-
selves in the growth, only to discover
one another again, a time of new
development, construction of new
modernized vocational facilities, a
larger section of courses.

For the year, we have seen
academically, athletically, and
individually, students striving to
reach their goals, developing new
ideas, meaningful relationships,
finding themselves in this vast,
moving world.
